October 8, 2009

To Whom it May Concern:

This is a letter of support for the Huntington Community Gardens grant for children. St. John's House Learning and Development Center, Inc. is an after-school program for the children of Marcum Terrace, a low income housing development. The mission of St. John's House is to provide the children with volunteer mentors, activities, help with homework, and a nutritious meal. The Community Gardens grant for children ties in with the St. John's House mission because it would provide mentors and activities for two days a week. Eventually, the program would provide plants which would provide food that the children could prepare as part of a healthy dinner. St. John's partners with the Huntington Housing Authority who supplies our space and utilities along with St. John's Episcopal Church who provides financial support. St. John's House has a board of directors who oversees its operation.

Regards

Linda Hunt
Executive Director
St. John's House Learning and Development Center, Inc.
